WORK EXPERIENCE

Project freelance : Nails

Page developed for organization dedicated to manicure and pedicure

HTML, CSS, BOOTSTRAP, PHOTOSHOP.

https://qnailss.netlify.com/

Project freelance: Tognetti

The client is dedicated to make reparations of air conditioners. They had this company since a few years, but without any website.

HTML, CSS, BOOTSTRAP, PHOTOSHOP, REACT, GATSBY, NODE.

Project frontend challenge: Social media

Html, bootstrap, css, javascript. We must render the same data but changing the CSS, and activate DARK MODE with a button.

https://socialmedia-ezeloop.netlify.app/

Movie reviews Project

It's a simple project to put in practice the node.js knowledge, to render any post that we want. It have an conditional to not post an empty post. And it can show any post individually just pressing the button

https://movie-review-eze.herokuapp.com/

Todolist Project

It let us create any list with the items we want, and we can delete anyone of them. Also, we can create a new list just going with the route /nameofthelist.

HTML, CSS, NODE.JS, EJS, MONGODB
